

## Slagelse Municipality – Trestensgården Integrated day care institution

In June 2010, Slagelse Municipality chose Creo Architects and Damgaard Consulting Engineers as total consultants at Trestengården in Skælskør

The task includes project and tender for an integrated children's institution for 40 children + guest house for 20 day care children incl. all facilities, play area, etc

The total building of a total of 536 m2 will be built as low-energy class 1 – on a 13,000 m2 area north of Eggeslev-maglehallen in Skælskør – with room for future expansions.

Execution: 2010 - 2011

Client: Slagelse Kommune, Michael Käzsner
